

Annual Work Plan

Global or Region: Latin America and the Caribbean

Strategic Plan Outcome(s):

- (1) To contribute to the increased exercise of reproductive rights and gender equality by helping countries to achieve universal access to high-quality, comprehensive sexual and reproductive health care and services, particularly among the most vulnerable populations
- (2) To contribute to gender equity and equality through social change by enhancing national and regional-level capacity of governments institutions and civil society

Global Programme Output(s): Please refer to attached work plan for outputs per programmatic areas

Implementing partner(s): Help and Shelter

Other partners (contractees): Please refer to attached work plan for collaborating partners

Summary of Activities

- Support to the NGOs for the integration of SRH/FP in community based activities.
- Support for the Community Empowerment Programme for the Reduction of Gender Based Violence.
